

FACE PACE INSTRUCTIONS

DETAILED INSTRUCTIONS FOR USING THE TOOL

01 Set Up

- Starting the Game: Press “Start Session.” You must complete all three rounds continuously to maintain your score and session validity. Interrupting the session will result in loss of scores and achievements.

- Gameplay Mechanics: You will see a face at the top of the screen. Faces will begin appearing one by one below. Press the spacebar whenever the face below matches the one displayed on top. As the game progresses, faces will appear faster, and some will look increasingly similar, testing both memory and precision.

- Scoring System:
    a. Points are awarded for each correctly recognized face.
    b. Incorrect identifications reduce accuracy and impact bonus points

- Performance Metrics per Round (2 minutes each):
    a. Faces correctly recognized
    b. Faces incorrectly recognized
    c. Levels progressed
    d. Bonus earned
    e. Round score

- Session Summary (after three rounds):
    a. Total faces shown
    b. Total faces correctly recognized
    c. Total faces incorrectly recognized
    d. Total raw score
    e. Perfection bonus (for 100% accuracy)
    f. Accuracy deduction (for errors)
    g. Session score = (Total raw score + Bonus) × Accuracy
    h. Total cumulative score
    i. Levels progressed

- Level Progression: Each level introduces faster face presentation and higher visual similarity. Completing milestones unlocks new ranks and achievements.

- Achievement Titles:
    a. Perceptive Visionary
    b. Master Identifier
    c. Face Memory Wizard
    d. Facial Recognition Prodigy
    e. Human Biometric Genius
    f. Superhuman Identifier
    g. Face Detection Specialist
