Good Enough Line

Find the done-version · see the wasted effort · set the line.

Work _____

Date _____

1 · THE PURPOSE (WHAT WAS THIS MEANT TO ACHIEVE? AN OUTCOME, NOT THE ARTEFACT)

e.g. "the client understands the recommendation and can act on it" — not "a polished deck".

2 · THE DONE LINE (WHICH VERSION WOULD ALREADY HAVE WORKED? CIRCLE IT)

v1	v2	v3	v4	v5	v6	v7	v8

Done Line at version: _____ First achieved the purpose because: _____

3 · WHAT DID THE EFFORT PAST THE LINE BUY? (THE STING)

Outcome at the done-version: _____ Outcome now: _____

Effort spent past the line (revisions / hours / review rounds / meetings): _____

4 · THE GOOD ENOUGH LINE + REDIRECT (CHECKABLE OUTCOME — NOT 'HIGH QUALITY')

Fit for purpose = _____

Saved effort goes to: _____

FACILITATOR NOTES

did both reveals land · did it feel like 'lower standards' (defuse) · who owns the line · follow-ups

Purpose is an outcome · run BOTH reveals · checkable line · redirect the saved effort · not 'do worse work'.
